Note 1:

The Broker Commission charge is charged at 0.25% of the Rand value of each transaction (buy and sell) you enter into on the platform. A minimum charge of 1c per transaction will apply and the charge will be rounded to the nearest cent.

Note 2

Security Transfer tax is levied by SARS at 0.25% of the nominal value of any purchases of shares. In respect of Fractional Securities, we charge a similar administration fee so that once you have accumulated a whole share we would then pay this amount on your behalf.

Note 3

This fee includes the electronic settlement of your transactions through the electronic settlement authority for whole shares and the administration fee represents an upfront recovery on the fractional share rights (FSRs) portion.

Note 4:

The investor protection levy is a mandatory charge levied by the regulator at 0.0002% on the value of Whole Shares traded for the regulation of the securities market and in dealing with issues such as insider trading and market manipulation, which is ultimately for the benefit of investors. The administration fee represents an upfront recovery on the Fractional Share Rights (FSR's) portion.

Note 5:

As EasyEquities is an online business, our business model relies on clients placing trades through the platform and not via telephone. In the event that Clients place a trade via telephone, we will charge the client R50 per trade, as this consumes resources. In the event of our systems being down, for whatever reason, Clients will be allowed to place trades via telephone Free of charge.

Note 6:

There are various mechanisms to deposit money into your EasyEquities account. Clients are advised to rather deposit funds via Electronic Funds Transfer (EFT), as it is significantly cheaper than credit card deposits, debit orders and secure internet deposit.

Credit Card Charges

Depositing Money via Credit Card is expensive. EasyEquities is charged (by our credit card merchant) a fixed fee of R1.60 per credit card deposit as well as a variable fee amounting to 2.3% of the deposit value; hence we charge the Client a similar charge in order to recoup these costs.

Debit Order Fees

Debit order processing fees are charged at R0 per transaction.

Debit Order Failure Charge

Debit Order Failure fees are charges that will be debited against your Trading Account in respect of each debit order returned to us as unsuccessful by the debit order merchant.

Secure Internet Deposit (SID)

SID instant EFT is an online payment option which allows merchants to receive online and mobile payments without a credit card. When someone shops online, SID links them directly to their internet banking. It pre-populates the payment details and directs them right back to the merchant's website. They receive instant payment confirmation. SID is levied by our merchant at a fixed fee of R1.60 per transaction.

Note 7:*Portfolio/ Account Transfers In*

A client has the ability to transfer their entire portfolio or part thereof from another broker to EasyEquities. When a client transfers their entire portfolio or part thereof we are charged a handling fee by our Clearing and Settlement Depository Participant; hence we are subsidising the entire fee.

Portfolio/ Account Transfers Out

A client has the ability to transfer their entire portfolio or part thereof from EasyEquities to another broker. When a client transfers their entire portfolio or a part thereof we are charged a handling fee by our Clearing and Settlement Depository Participant, we recover these fees at a margin as a result of the resources utilised to facilitate the transfer.

Note 8:

The voucher fee is a charge levied by our voucher technology partners for the administration and issuance of vouchers on the EasyEquities Platform.

Note 9:
Recurring Investment Fee

This is a fee that is charged for a Recurring Investment Order placed for purchasing Instruments or Securities. The Recurring Investment Fee will be charged in addition to any other fees and costs listed in this Cost Profile.

Note 10:

The usual settlement period on the sale of instruments / products on the platform is 5 business days. If a client requires urgent access to funds, we can process the settlement within 24 hours for the fee stipulated in the table above.

Note 11:

If you hold an original share certificate and wish to convert these shares into electronic format, a Dematerialisation process will need to be carried out. As this is a detailed and admin intensive process, we need to charge a fee to recoup our costs.

Note 12:
